

Playground Markings

- Approved Playground Paints
- Pre-formed Thermoplastic Playground
- Ball Courts
- Anti-Slip Paints
- Car Park Markings

Playground Markings

Here at Lines & Signs we believe that playgrounds should be both fun and educational.

Here are a few examples of work that has been completed:

We apply Playground markings in both Pre-formed Thermoplastic or using spray applied

With options such as solid colour or an outline shape, numbered or with alphabet upper or lower case. Your playground is limited only by the imagination, we can remark

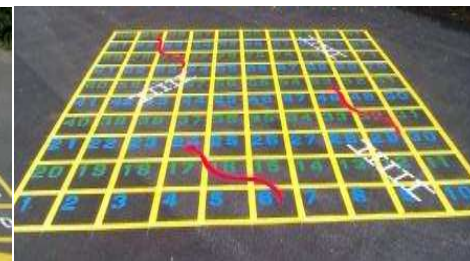

approved playground paints.

Standard items include, hopscotch, snakes, caterpillar, snail, crocodile, ladders, compass, clock, mazes, target, footprints, snakes & ladders grid, times table grid, 1-100 grid, chess board, alphabet jump, phonetics, shapes and tracks.

existing playground markings, or reproduce designs seen elsewhere, or create bespoke items such as logos.

We are a small family run business allowing us to be flexible with our prices.

About Lines & Signs Limited

Formerly Asbryn Marking Company, with over 25 years of experience in the industry of line marking.

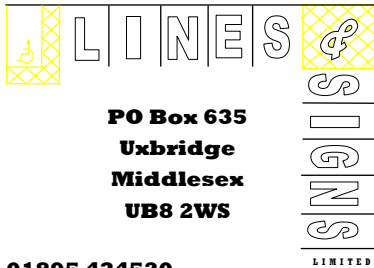

Lines and Signs provide line markings in Thermoplastic, various paints, and MMA we aim to provide a high quality and efficient service to all our customers.

Based near Heathrow Airport with good motorway access, we cover London and the Home Counties and travel frequently to contracts further a field.

The services we provide are as follows:

- Car park and road markings.
- Marking of ball courts and playground markings.
- Factory and warehouse markings.
- Removal of line markings by mechanical and chemical means or blacking out.
- Application of various anti-slip surfaces, internal or external.
- Supply and fixing of standard road signs or bespoke signs to clients specifications.

Our skilled teams provide line marking solutions for a wide range of industries, often operating on live sites which means our customers can continue normal running with minimal disruption.

Ball Courts

Courts are marked out to meet British Sports Association sizes and colours where possible such as:

Netball, Basketball, Hockey, 5-a-Side, Tennis, etc.

Anti-slip paints can be applied to courts for grip.

Tracks

A track can be made to fit in and around other playground markings and can be used for teaching road awareness.

Items such as arrows, crossings, lettering, centre line, traffic lights, petrol stations, car bays etc can be added to make it more exciting for the kids.
